## Employment History and Education

In reverse chronological order:

- CEO and Owner Cormorant Medical Software
- Consultant Huron Healthcare
- W3C Team Member
- Cleveland Clinic Foundation
- Various Medical Training Programs
- University of Toronto, Toronto, Canada
- Imperial College, London, U.K.
- University of London, London, U.K.
- British Army

### **CEO and Owner Cormorant Medical Software**

A company specializing in Medical Informatics and Productivity Software. We also built several “Evidence Based Medicine” Modules.

### **Consultant Huron Healthcare**

The leading Healthcare improvement company in the USA. I carried out several assignments with this company.

### **W3C**

I had extensive experience with the World Wide Web Consortium as a representative for the HTML Writers Guild (now iwa-hwg), including being Editor of the initial XHTML Spec.

(HTML5), founding member of the Xforms working group, the RDF group, the XML DOM group and I sat on the Executive Committee.

### **Cleveland Clinic Foundation**

A leading mid-west medical institution. I was an orthopedic surgeon. While there I was the founding director of the Center for the Spine and was deeply involved in their IT department, and initiated their Web presence. I am still an Emeritus Consultant

### **Various Medical Training Programs**

Various Internships and Residences

### **University of Toronto, Toronto, Canada**

Department of Medicine

### **Imperial College, London, U.K.**

St. Mary's Hospital Medical School

### **University of London, London, U.K.**

Honors Degree in Anatomy and Physiology

### **British Army**

I served with the Kenya Regiment, the Royal Engineers, and the Parachute Regiment. It was in the army where I got my first introduction to computer programming.

## **Organizations Relative to Objective**

I was a Board member, Director of Education, Treasurer, and finally President of the HTML Writers Guild (HWG). ([www.hwg.org](http://www.hwg.org)) Among other things I initiated the Gutenberg at HWG project which converted Project Gutenberg texts ([www.gutenberg.org](http://www.gutenberg.org)) to HTML and XML.
